Rilan and Mon sector

First of all, I would like to Thank and praise God for giving me such a wonderful opportunity and warm greetings to our Pastor, Pastoral staff, CNY Department, Church elders and all church members.

I am feeling so grateful and thankful to share my experience serving as a Superintendent of Rilan and Mon Sector. I am thankful to my Lord that he provided me an opportunity to serve and go forward with Him. Because of Him and the amazing team of teachers, I feel very encouraged and confident in leading and teaching the children. Being a part of CNY department bring me so much joy, fun and I am so blessed to be with the children and so encouraging to see the kids on how excited they can get and how engaged and interesting they can be. The children are filled with so much curiosity, and even though I am the one teaching them how to learn and understand more about the bible and about God, I am still learning more. When I read the Bible it's like I learn a new lesson every single time and, in this way, I am also learning with the kids. Along with the kids, I am given an opportunity to learn and grow as an individual. As I go forward serving Our Lord, my prayers will always be for the CNY dept and children that we will be able to grow and work spiritually as one for the glory of God.

Thank you. God bless you all.

Generation Kingdom Brave

GENERATION KINGDOM BRAVE

Generation Kingdom Brave ministry (GKB) is for class 11 & 12 students. Teen's ministry.

We aim to minister to this group of teens so that we may have fellowship with them, counsel them, interact and discuss with them the Godly ways for their spiritual growth and also to have a firm foundation and affirmation of their faith.

This is to ensure that they may take all the responsibilities like - prayers, ice breaking activities, preparation of food, and to worship with singing and instruments.

We mostly cater to the needs of deeper understanding on ethical topics and issues in the group. Helping them to distinguish between What the Bible has to say and What the world believes with regards to scientific advancements. These interactive conversations build up their understanding, belief and faith.

The fellowship emphasizes on sharing of testimonies and Bible studies.

Often during Sundays, we opt for breakfast fellowships along with food, indoor games and interaction.

Talent Sundays are the specific time for them to showcase their growth through singing, playing of instruments, recitation of self-composed poems and prayers.

One on one interaction & counselling in the group is given much priority.

A day of Retreat is organized outdoors by GKB to have a break. Short fellowships are conducted there with ample of time given to the group to relax and have fun amongst the nature.

Evangelism and exposure being one of the elements, therefore visitation to other churches is marshalled. The teens wherein get the opportunity to conduct the whole service. Through this activity the other churches acknowledge the need for teen ministry. Which encourages them to take steps towards ministering to their church teenagers.

Overall, this ministry constitutes of a small group of 25-35 active members (teens) of the congregation who encourages each other, learn together throughly with in-depth biblical understanding, which promoted learning from each other and spending quality time together in Christ.

GKB Teacher Message

I have immense love for these young people and share a strong bond with them as they were the children I used to minister to when they were in nursery, 10 years back and now I get to ministry to them again. This was and is indeed God's plan. I believe this to be my highest calling. Where I can relate to each one of them as they can freely pour their hearts out to me when they are dealing with their issues, doubts and challenges.

I could choose to listen to them and their thoughts a hundredth of time over anything else and always be available for them. I adore them and I will love to minister to them as and until God Wills.
